

## DORT İŞLEM PIRAMIDI

Piramitte iki sayı arasındaki işlemin sonucunu üst kutuya yazarak tepelerdeki sayılara ulaşın ve cevapları aşağıdan işaretleyin.

Two pyramids are shown. Each pyramid has a top box with a question mark, a second row with a minus sign, a third row with a multiplication and a plus sign, and a bottom row with a division, a plus, a multiplication, and a multiplication sign. The numbers in the bottom row are: 20, 4, 4, 3 for the first pyramid and 20, 5, 3, 3 for the second.

Below the pyramids are two more pyramids with the same structure. The numbers in the bottom row are: 28, 4, 5, 5 for the first and 15, 3, 3, 5 for the second.

Below the second pyramid of each pair are three numbers: 20, 9, 15 for the first pair and 3, 26, 29 for the second pair.
